FOREWORD

This data book is the most comprehensive annual publication of the National Statistical Committee of the Republic of Belarus which describes socio-economic development of the regions, districts and selected cities of the country for 2015, 2020-2025.

The data book "Regions of the Republic of Belarus" is issued in two volumes: "Regions of the Republic of Belarus. Socio-economic indicators" and "Regions of the Republic of Belarus. Main socio-economic indicators of cities and districts".

The first volume of the publication – "Regions of the Republic of Belarus. Socio-economic indicators", presents statistical data on the main indicators for regions, cities of regional subordination and districts. The statistical data on the demographic situation and the environment in the regions are published. The information on labour resources and employment, living standards of the population and social sector is provided. The data book contains general characteristics of enterprises and organisations by economic activity, organisational and legal forms and forms of ownership, information on the activities of small and medium-sized business entities and individual entrepreneurs. The data on fixed assets and gross regional product are provided. The information describing development of industry, agriculture and trade is widely presented. The information on the development of information and communication technologies, scientific research and innovations is provided. The data book contains data on the financial performance of organisations, fixed capital investment and foreign investment. The statistical data on price (tariff) indices of goods and services are published. The characteristic of foreign trade in goods and services is provided.

The data book has been prepared using the data of the Ministry of Internal Affairs of the Republic of Belarus, the Ministry of Forestry of the Republic of Belarus, the Ministry of Labour and Social Protection of the Republic of Belarus, the Ministry of Taxes and Duties of the Republic of Belarus, the Ministry of Natural Resources and Environmental Protection of the Republic of Belarus, the Ministry of Education of the Republic of Belarus, the Ministry of Health of the Republic of Belarus, the Ministry of Culture of the Republic of Belarus, the Ministry of Sports and Tourism of the Republic of Belarus, and the State Committee for Property of the Republic of Belarus.

Information by economic activity is provided in accordance with the National Classification of the Republic of Belarus OKRB 005-2011 "Kinds of economic activity".

Data on selected indicators for 2024 have been revised as compared with those published earlier. In some cases, the 2025 data are preliminary and are subject to revision in further issues.

Value indicators from 2016 are provided in terms of the new denomination effective from 1 July 2016 (1 BYN = 10 000 BYR).

Relative indicators have been calculated on the basis of absolute figures expressed in smaller units of measure than those provided in tables. In some cases, a minor discrepancy between the total and the sum can be explained by data rounding.
