Statistical data book presents information on tourism development in the Republic of Belarus. There are data on international tourist flows, activities of travel agencies and accommodation facilities, development of rural ecotourism.

The statistical data book is published annually, illustrated with charts and diagrams.

The statistical data book has been prepared on the basis of data from state statistical surveys and administrative data.

The data on number of inbound visits to Belarus and outbound visits from Belarus is provided including the citizens crossing the Belarusian-Russian section of the State border.

The information on rural ecotourism is provided according to the data of the Tax and Duties Ministry of the Republic of Belarus.

In some cases data for 2022 are preliminary and may be revised in further issues.

In certain cases insignificant discrepancy between the total and the sum of its components is explained by data rounding.

A short glossary of statistical terms is available on the Belstat website at <https://www.belstat.gov.by/metodologiya/kratkiy-glossariy-staticheskikh-terminov/> (in Russian only).

Methodologies for calculation of inbound and outbound tourist flows are available on the Belstat website at [https://www.belstat.gov.by/upload-belstat/upload-belstat-word/Methodology/m1\\_turism\\_30\\_11\\_2018.docx](https://www.belstat.gov.by/upload-belstat/upload-belstat-word/Methodology/m1_turism_30_11_2018.docx) and [https://www.belstat.gov.by/upload-belstat/upload-belstat-word/Methodology/m2\\_turism.docx](https://www.belstat.gov.by/upload-belstat/upload-belstat-word/Methodology/m2_turism.docx) respectively (in Russian only).
